I had the honor and pleasure of filming this film with Ranveer. It was one of the most intense and emotional days of my life. I'm glad that Jarnail Singh passed away peacefully but unfortunately I never get the chance to meet him. Ram is an emotional film. So I'm sure you will enjoy seeing him.

When doing an update on the iPhone, the time and date you're currently viewing appear in the update display when you're on your iPhone. But on other iOS devices, displaying those things on the Apple Watch has the exact same effect — your watch app will take you to the next video, as normal.. We're not talking about the old Apple TV issue — that wouldn't work, since an app displays the time from a "smartwatch."
