If you are an old school DOS gamer, RSlinx V2.54 is for you! It's what many DOS gamers are looking for to conduct an internet download. You can download icons and wallpaper, learn the day's fortune in seconds, browse the web with ease using its built-in browser, and more. It works with both old and new versions of Windows, and is completely free. What're you waiting for? Download RSlinx now!

If you have a dialup connection or a high-speed modem that runs at below 28.8kbps on its slowest setting, then RSlinx is the program of choice for you. It gives you fast speeds, no matter what connection speed your PC is capable of running at.

RSlinx's user interface has been updated from the original version of RSlinx to make it easier to use, and more organized as well. Now that the screen is larger, you'll have a lot more icons to use.

A new feature to RSlinx is its ability to give you the day's fortune whenever you want it. With the click of a button, you can have your fortune told to you at any time by clicking on the day's icon. It's so easy!

RSlinx contains many useful features including Icons, Themed Wallpapers, Speed Dial, Icon Packs and much more! Check out this great download now!

IMPORTANT NOTE: This download includes both RSlinx V2.52 Classic Edition and V2. 54 Classic Edition.

NOTE: There is a download in the Extras folder that will allow RSlinx to work in Windows XP!
